Dale Hollow Lake Information:

Dale Hollow Lake is located in southern Cumberland and Clinton counties along the shore of Dale Hollow Lake. It consists of 3,130 acres and is primarily wooded with the exception of some fields at the end of Casey Branch Rd. and Scott Finley Rd. Terrain is generally steep and the majority of the area is best accessed by boat.

Dale Hollow Lake WMA has many uses. Hunting, hiking, fishing, wildlife viewing and photography are just a few of the many activities that can be accommodated on the area. Good populations of deer, turkey, squirrel, rabbit, and some birding opportunities occur on the area. Wild hog hunting is also unique to this area and the Big South Fork National River and Recreation Area in Kentucky. Wild hogs, also known as feral pigs, are not native wildlife, can cause severe environmental damage and therefore are open to hunting year-round at Dale Hollow WMA. Camping is permitted at the State Park and at Corps of Engineers campgrounds.
